Career Objective

Computer Science student specializing in Data Science and Data Analysis. Good at working with data, using tools like Python, Pandas, and SQL. Experienced in data cleaning, visualization, and building useful insights through projects. Interested in solving real-world problems using data.

Education

Malla Reddy Engineering College	Hyderabad, Telangana
B.Tech in Computer Science Engineering - DS, GPA: 8.5	2022 – 2026
SR Junior College	Hyderabad, Telangana
12th Grade, Marks: 950/1000	2020 - 2022

Experience

Skilltmate Technologies	Hyderabad, India
Data Science Trainee	May 2024
- Developed and optimized machine learning models for predictive analysis, improving accuracy in data-driven decision-making. - Preprocessed large datasets using Python libraries like Pandas and NumPy, enhancing model efficiency and performance.	

Skills

Programming Languages: Python, SQL, Java(Basic)

Frameworks & Libraries: Pandas, NumPy, Matplotlib, Scikit-learn, Data Scraping, Flask

Tools and Technologies: Jupyter Notebook, Excel, Power BI, Git & GitHub, VS Code

Soft Skills: Analytical Thinking, Problem Solving, Communication

Projects

Stock Market Analysis and Prediction | Python, Scikit-learn, Pandas, Flask | ([GitHub](#))

- Developed and deployed an LSTM-based deep learning model using Flask to predict stock prices from historical market data.
- Implemented a data pipeline with yfinance and Pandas for real-time stock data extraction.
- Optimized the LSTM model by tuning hyperparameters (epochs) and evaluated performance using RMSE and train-test validation.

Department of Data Science Results analysis | Python, pandas, Web-Scraping | ([GitHub](#))

- Analyzed academic performance data for 210+ Data Science department students by web scraping the college result portal using Selenium, achieving a structured dataset with 95% accuracy through data cleaning and preprocessing.
- Conducted EDA to evaluate subject-wise averages (75% average in core subjects) and section-wise pass/fail rates (80% pass, 20% fail across 3 sections) and developed interactive visualizations using Matplotlib and Seaborn to present actionable insights on departmental trends.

Certifications

Career Essentials in Data Analysis (View)	Microsoft and LinkedIn
Structured Query Language - SQL (View)	HackerRank
Python for Data Science (View)	NPTEL

Awards and Achievements

- Secured 3rd Position in AI Hackathon Conducted by Atharva Data Science Community (ADSC) At Malla Reddy Engineering College (MREC)
- Achieved Elite Badge in Python for Data Science course, certified by NPTEL & IITs.
